CHANGE IN ROAD PLAN UP FOR STUDY

What action is to be taken by the City of Campbell on changes and additions proposed by the city of San Jose on the master street and highway plan recently approved by City of Campbell, will probably be divulged tonight when the city planning commission meets at the Fire Station. San Jose wants a 150 foot wide highway to parallel Southern Pacific railway from Hamilton avenue into the heart of San Jose, wants to kink Leigh avenue by dropping across Dry Creek Road and zooming into Cambrian Park, wants to have Hamilton avenue, if and when extended across San Tomas Aquino Road to intersect Campbell avenue about half mile west of San Tomas Road instead of the Saratoga Road in tersection and would like Casey Road to be 90 feet wide extending from Curtner Avenue to Winchester Road.

The planners tonight will discuss issuance of storm sewer bonds for commercial areas and will consider tentative subdivision map of Camp and Sondano in Sunberry Gardens.

There are to be hearings on proposed off-street parking changes in commercial areas, on the application of Bud Scheideman to rezone property at Rincon and Virginia from single residential to commercial, and on Calvary Baptist Church for a use permit to put a house on M-1 zoned property.

A hearing is to be set on application of Tide Water Association for rezone from R-1 to C-2-S on the northwest corner Winchester Road and Hamilton avenue extension, to replace an existing station.

The Campbell Club joined other Kiwanis Clubs on Tuesday in sponsoring costs of sending the American relay team to the Olympics in Australia next year.

Ray Mathis, program chairman, introduced Sherman Miller of the Pioneer Building and Loan Association who had a movie and a talk about the problems of young people buying a new home.

The Campbell Red Feather appeal is being conducted along with Community Chest appeals in San Jose and 20 other cities and towns in Central Santa Clara County, and the over-all campaign total, announced Tuesday, was $252,874.

Kemp yesterday expressed appreciation to the business chairman of the Red Feather Drive for returns including Dave Farley, Norman Corvello, Dobie Jeffers, Ray Strong, Miss Helen Storey, Sam Cava, Dr. O. J. Bacci, Henry Jewell, Nick DiMuzio, J. Malone, Tom Daugherty and Paul Basham. He would also like to give a special word of thanks to Delos Bagby, Cambrian School district superintendent, for work in the campaign as chairman of the school drive.

This is 61.54 per cent of the over-all campaign goal of $410,900.

A salute to the Red Feather agencies featured the Tuesday progress meeting, held in Hotel De Anza, San Jose. The 27 Community Chest agencies which share in campaign contributions furnish residents of Central Santa Clara County with care for needy children, health services, planned activities for youth, and aid for families and individuals in distress.

Senator Thompson advised the group that one of the big problems getting the most attention in the Legislature now is that of bringing water from northern California to this area. He also talked on the procedure followed in the Legislature is putting forward a bill and brought out the fact that the 120 days the Legislature is in session is not sufficient time to process over 6,000 bills during this session which must be studied and submitted to various committees before being passed on.

Campbell members who attended the Northern Division of Republican Federation of Women's Clubs at Mt. Diablo Country Club at Walnut Creek recently, reported that the Campbell group had the largest percentage of representatives at the affair when 14 members from this area attended.

HIGH SCHOOL EXPANSION PROGRAM IS TOLD BY HILL

"Running Fast to Stand Still" was the topic of the talk by Laurence J. Hill at the Rotary Club meeting Monday, in which he pointed out that the cost of education is small compared to defense and commercial spending.

Hill, who is district superintendent, said that enrollment in the Campbell High School district has jumped from 615 students in 1945, to 2400 students in 1955; subjects taught have increased from 72 to 79; classes 82 to 344; teachers, 24 to 103; administrative personnel from 3 to 14 and classrooms from 22 to 77. Campbell High School has also added a girls' gymnasium, swimming pool, cafeteria, offices, agriculture and music rooms in the past ten years. The new Camden High School now has 25 classrooms, a gymnasium, cafeteria and offices.

Hill also pointed out that the state has estimated with the present rate of population growth 15,000 new teachers will be needed each year for the next fifteen years, throughout the state, and 1,000,000 new classrooms will be needed in the next ten years to keep pace with this tremendous population increase in California.

District high school students have been taking part in new activities such as clubs and out-of-school programs.

Last week's Rotary Club meeting at the Red Coach Inn had an attendance of 21 members. Among matters discussed were the Christmas program, which is scheduled for December 19, and a Ladies Night to be held sometime after New Years. The club has decided to go ahead with a Christmas basket program, which will be spearheaded by Mario Saia and Sam Cava.

STATE ALLOTS $81,000 FOR NEW SCHOOL SITE

The State Allocation Board has approved a $179,368 addition to an elementary school and $81,300 for a school site in the Campbell Union Grammar School district. C. E. Bradley, district business manager says that the loan is for an addition to the Monroe school where there now are 10 classrooms, two kindergartens, administration offices and a multi-purpose room only recently completed. New subdivisions since original plans were drawn, have made it necessary to add eight more classrooms, a shop, home economics room, special room and site development.

The $81,000 allocation is the estimated cost of a school site on Fruitdale avenue between Meridian Road and the San Jose-Los Gatos Road which is a 13.6 orchard site owned by Ida F. Skow.

Bradley says the district is looking for two more sites to cope with increased enrollments.

Union School district also had a loan approved for the Carlton avenue school in Kings Acre tract. Kenneth McDonald, district superintendent said the district will sell $49,000 in bonds, $43,000 of which will be for a 10.93 acre site, the balance to go toward building.

EDITORIAL

ANDERSON GOES TO WASHINGTON

There couldn't have been a nicer man chosen as special assistant to the Secretary of Agriculture in Washington than Jack Z. Anderson, former Representative in Congress of this district for fourteen years. An orchardist and cattleman, engineer and an economist, Jack Anderson served his constituents well in Congress and was re-elected six times, mostly in the primaries.

Named by Ezra Taft Benson to the post, he will do liaison work in Congress, carrying the Agriculture Department's views to Congress and provide the department with Congressional viewpoints. We are glad that Jack Anderson is returning to Washington where he has served the people so well. He will give new prestige to the Department of Agriculture.

OVERCROWDED CLASSROOMS

Portable classrooms that would ease the temporary overcrowding of schools in the Campbell Elementary School District are being considered by the administration and trustees. When a school has immediate need for one or two classrooms, this would serve the purpose until provision can be set up for a full wing at which time they could then be shifted to other needed areas.

Other school districts have found these units practical for certain purposes. Seems that we are not able to keep up with the growing demand for more classrooms and this may give temporary relief.

With 1,049 new homes under construction today in the Campbell Elementary School district, it seems likely that there will be 6,700 pupils enrolled by 1957 school year as compared with 5,200 now enrolled. This is according to a recent house count by school principals. William Henley, district superintendent, said today that by the end of 1956, a minimum of eight new classrooms will be required to house children now in school and those who will enter next year and that by 1957 the figure may jump to 28 more rooms or the equivalent of two new schools.

There are 380 homes under construction in the Cypress area, while 130 houses are going up by the Monroe school, 157 by Hamilton School, 121 in Cherry Lane area and 183 by Dover School.

SMOG OVER THE TIDELANDS

As often happens in a controversy involving the public interest, the main issue in the Long Beach tidelads case has been somewhat smogged over by extraneous arguments.

Those arguments center chiefly around the question of lobbying activities for and against the Allen bill, which was introduced in the last session of the legislature to establish a more effective and businesslike administration of Long Beach tidelands oil funds. Long Beach opposed the bill, and it never reached the Assembly floor. The lobbying controversy pits the city against the proponents of the Allen bill.

Actually, the Long Beach tidelands case involves one basic question: Do all revenues from Long Beach tidelands oil and gas production, in excess of those useable in the development of the city's harbor facilities, belong to the State? On April 5, 1955, the State Supreme Court said they did. Long Beach interprets the law differently, and claims the right to use such excess revenues as it sees fit.

The solutions will not be found in arguments over whose lobbyists did what to whom. It will come only in court action. The people of the State—and the people of Long Beach—with some $165 million at stake, have a right to a prompt decision.

THAT WATER PROBLEM AGAIN

At a meeting in San Jose Tuesday evening, Clair Engle, Congressman from Red Bluff, rebuked the City of San Francisco for snaring water supplies far beyond their need, while neighboring areas are in so much need of it. It was a blunt statement of fact, and one which will probably be explorerd further.

Engle said they went into the hinterlands to pillage water then sat on it. He asked why should they control some 90,000 acre feet in the Calaveras Reservoir that could serve the Santa Clara-San Benito area when they can meet their own demands four times over with the Hetch Hetchy supply.

Engle said further that the federal government is not likely to build more multiple-purpose water and power projects in California as there are no other projects except on the Feather River which he considers a state job with some federal aid.

The forum meeting, sponsored by the San Jose Chapter of Professional Engineers, heard that a proposal to build a fifty-eight million dollar conduit to bring water from the Delta area to Santa Clara Valley without waiting development of the entire Feather River project is being considered in authoritative sources.

Something will have to be done to replenish the water supply in this area, and it makes little difference from where it comes.

A pedestrian is a motorist who has found a parking space.

If you want to keep young, associate with young people, and if you want to feel your age, try to keep up with them.

BEST BAND In the valley is what they are saying about the Campbell group of 56 musicians directed by Bill Perkins at the high school after performing at half-time of the game here Friday with Fremont . . . will play again Armistice Day afternoon at James Lick during the game, with "Tribute to Armed Forces" . . . after saluting Comet fans, the band will form a ship and play "Anchors Aweigh", then in salute to the artillery play "Caissons Rolling Along" with a cannon being fired while the wheels are turning . . . and for the little, big game on Helms Field between Los Gatos and Campbell, the band will do another half-time show under the theme, "Autumn leaves" with numbers such as "Shine on Harvest Moon" and "Button Up Your Overcoat" . . . tomorrow the pep band will play stirring marches led by student director, Don Carre.

EIGHT MILES or so away on the side of a hill and under shelter of trees and shrubs is the home of Yehudi Menuhin, one of the world's outstanding violinists . . . tonight he is to give a benefit concert at Santa Clara College and on Sunday another benefit concert at Montalvo in Saratoga . . . a child prodigy, now a master musician, Yehudi is rewarded more by appreciation for his music than by money in many instances . . . 14 years ago when war clouds were hovering and Pearl Harbor had not yet been attacked, Yehudi was in the news as being subject to draft . . . it was a cold, windy, raindrenched day as troops moved into Los Gatos and had to be billeted in empty store buildings, homes and some in pup-tents—the food from stores was just about cleared from the shelves to feed them, when Yehudi called the high school to arrange entertainment for these boys . . . they came from everywhere to pack the auditorium and the stage, leaving just enough room for him to stand with arm movement for his bow, and he played for three hours any and all requests to men who were so quiet and attentive that you could hear a pin fall were it not for the music of his violin . . . and all during the war he went on giving concerts for boys in uniform everywhere, a lift for them, a spiritual treasure for him.

JUDGE Martin Walsh told Art Mayo, club treasurer, the reason he was late for Kiwanis meeting Tuesday was he left a law book on top of his car on leaving his San Jose office and going through the subway he looked through the rear mirror and saw it whoosh off, so he had to stop and walk back in the traffic to rescue it.

Cambrian Students In Essay Contest On Bond Election

"Education is a process which helps a child become a worthwhile, contributing, and responsible citien at all phases of his development." So says the textbook. Cambrian Elementary School is having a bond election on November 8, 1955 to authorize district bonds and state aid to complete the educational building needs of its district

As part of this educational process to prepare the child for good citizenship, voting, analysis of measures to be voted on, better understanding of the community needs, and understanding of the democratic process, 6th, 7th, and 8th grade students are competing in an essay contest on the forthcoming bond election. A winner will be chosen from each grade level and prizes will be awarded.

The students are well aware of double session problems and the limitations placed on the education program. They hope to convey, in their essays, a message that will help the adults of the community, the voters, understand the need for adequate school buildings and classrooms. A "yes" vote on November 8th will insure this

The Cambrian Youth Center will soon be offering an active program to the youth of the community. The Cambrian Men's Club, Youth Center sponsors, have arranged for funds to employ a recreation director through the Campbell High School Recreation District. The center, located at Cambrian School, is now used by organized groups such as the Boy Scouts, 4-H Club, etc. Plans for a youth activity program may include dances, games, and crafts.

August 23

It was raining when I left Madrid by plane. Out over the Mediterranean, the rain stopped and it was clear when we landed in Plama, Majorca, two hours and 15 minutes later. The good weather didn't hold, however. Shortly after I got settled in my humble, whitewashed room in the pension, the rain came again. It trickled under the closed window and stood in little pools on the tile floor.

In the afternoon the rain stopped and I wandered about the town looking at the little shops. On the way back to the pension I stopped at a travel agency and learned that it was impossible to get a plane from Palma for the mainland until September. I was panic stricken. I didn't want to stay in Palma until September come rain or come shine. The two alternatives were either to wait for hours in line for a ship ticket, or to go to the airport and wait until someone canceled. I decided to try the ship waiting line in the morning.

That evening in my room I heard piano music coming from another apartment. Someone was playing Chopin. It brought to mind that Chopin and George Sand had spent a winter in Majorca more than a hundred years before, when they had come here for Chopin's health.

August 24

In the morning I missed breakfast to stand in line and wait for a boat ticket. After more than an hour's wait I discovered from a Majorcan who spoke English, that I was standing in the wrong line. This one was for tickets. The other line was for reservations, which I had to have first. The other line was nearly a block long. The man said he didn't think I could get a ticket earlier than nex week. I went back to the pension, checked out, and got the bus for the airport. I was determined to get off the island before September.

The planes came and went with no cancellations. I waited. Finally, I decided to have lunch on the veranda where I could watch the planes leave. Just as I sat down the sky clouded up. Before I could order, the rain poured from the sky accompanied by thunder and lightening. I finished my lunch inside, happily, for the rain had brought a cancellation.

I left Majorca as I had come—in the rain.

It is 55 minutes by air from Palma to Barcelona, so by 4:00 p. m., I was in Barcelona. At the station I learned that there was a train leaving for Geneva within the hour. By luck and a good deal of effort, I was able to make it. I was a little sorry to rush out of Spain so abruptly, but I had begun to yearn for the cool lakes and peaks of Switzerland, and for these there are no substitutes.

In my compartment, luckily, were two American soldiers returning from a short leave in Spain to their base near Munich. They were very kind and helpful getting me and my heavy suitcase through customs without a hitch, and it was grand having someone to speak to in English.

Also, in the compartment were three French people and a Swiss boy in leather shorts. This was one instance that I was very glad for my two years of high school French. The few words I could remember, helped start a conversation with one of the Frenchmen and in the morning when we were hungry, he offered the soldiers and me some food and coffee. This was well worth the two years of French.

From the train window we noticed that the countryside in the North is very different from the dry and parched lands of Southern Spain. Northern Spain and Southern France are green and fertile, with mountains and forests, vineyards, patches of corn, and vegetables. Beyond Lyon the train followed a river of an unbelievable blue, lined by green, dewy meadows, through valleys between towering mountains, then along a lake's edge to Geneva.

Mrs. Anna Feasel Is O.E.S. Hostess

The Star Circle of Campbell Chapter, Order of the Eastern Star, met in the home of Mrs. Anna Feasel, 601 Old Orchard Road, for a dessert lunch last Friday. Mrs. Lillian Olson and Mrs. Howard Kirk were co-hostesses. Members were asked to bring articles for the silent auction. A plant sale was also held.

HIGH SCHOOL NEWS NOTES

Because of a new San Francisco ruling, Campbell High School's football game scheduled for tomorrow afternoon was almost cancelled. Polytechnic High School, can play only one game a week so the game here at 3:00 P. M. tomorrow can only be classified a scrimmage, with coaches allowed on the field. It will still match the Reserves from Poly (whose Varsity is again in the SF Playoffs fighting for the championship) against Buc Juniors and Sophomores, and should be a good indication of the strength of the team that will become the CUHS Varsity of 1956.

Campbell High School Head Football Coach Jim Muir believes that James Lick High may still throw the SCVAL Varsity race into a two or three way tie. Muir thinks the Comets might take the Indians in their meeting of November 18th at Sunnyvale and agrees that the Bucs will have their hands full too when they play Lick there on Armistice Day afternoon, November 11th.

After the game Friday against the Indians, Muir said, "Fremont fullback, Phil Cordero, was the one real difference between the two teams. He's the strongest runner I've seen in the league this season —and a powerful blocker as well!"

For the losing Bucs, Muir had praise for Roger Lukehart and Fred Esparza, who were outstanding defensively. "Russ Cahill did a good job, running better than he has ever done before."

Campbell High School's Debate Team won six out of the eight matches it entered, competing against thirty-two other high schools last Saturday in the annual Stanford High School Debate Tournament in Palo Alto. Most successful was the CUHS Debate group made up of members Everett Avila, Dennis O'Flyng, Steve Dunn, and Pat McLenahan, who defeated the orators from five other high schools in a day that saw fifty-one secondary school elocutionists squads in action. The half-hundred groups debated the question, "Should the Federal Government guarantee higher education to qualified high school students through grants to colleges and universities?" Other local speakers competing at "The Farm" were Carolina Bates, Stan Mattix, and Jim Hines.

Next Saturday, November 5th, Campbell High's seven members of the National Forensic League, will participate in a duel oratorical meet at Bellarmine Prep School in San Jose.

With a potential membership of fifty-nine enthusiastic women and an average meeting turnout of thirty, the Campbell High School District Faculty Wives Club is one of the most successful groups associated with CUHS. Led by president Marge Foskett, the FW's meet at least once each month, usually at a different member's home. Their next meeting, however, will be held on Thursday night, November 17th, in the form of a party for CUHS Faculty Women in the Country Woman's Club of Campbell. On Saturday, November 19th, the group will perform one of its service functions when members serve luncheon to the School Library Assistants at Camden High School's brand new Cafetorium.

Speaking of Camden, its Cougars are already making athletic names for themselves. Now they are perched atop the SCVAL Frosh-Soph Football League, thanks to last Friday afternoon's 6-6 tie with the Junior team from Sunnyvale High. Tomorrow Junior Morgan's men play their first home game. They'll host Los Altos in a contest scheduled for 3 P. M.

Teamwork At Schools Topic At PTA Meet

"Teamwork Between the Parent and the School", which Dr. Virgil Hughes, Assistant Professor of Education at San Jose State College, talked on at the Campbell Grammar School P. T. A. meeting last Thursday, was in keeping with this year's theme of the National Congress of Parents and Teachers, "Teamwork Does it". He emphasized the influence of parent and school relationships on the child and the cooperative effort required by both parents and the school in solving problems that help the child to make happy adjustments.

Co-leaders of the evening were Mrs. L. M. Dodd, child health chairman, and Mrs. George Craig, parent education chairman.

The business meeting which preceded the program, was presided over by president Burnard Clark, who presented Mrs. Dorothy Royce, school principal, in a talk on student evening socials.

Following the program, refreshments were served in the school cafetorium by room mothers: Mesdames Kenneth Flynn, Angelo Arena, R. M. Schino, H. P. Viehweger, Ben O'Dell, Jr., E. A. Merrill and Robert E. Zumwalt.

Training Course For Blue Birds Of Campbell Area

"The Seven Crafts of Camp Fire" was the theme of the demonstration and display of hand crafts and a nature walk held in the home of Mrs. Norma Creighton on Hacienda Avenue, last Thursday, which climaxed a three weeks training course for Blue Bird and Camp Fire leaders from Campbell, Los Gatos, Cupertino, Sunnyvale and Santa Clara.

Under the supervision of Mrs. Harry Smith. Campbell District chairman, and Mrs. Leslie Jauncey, president of the Santa Clara County Camp Fire Executive Board, the training course included instruction in many basic programs and creative skills to be used by leaders in Camp Fire and Blue Bird work.

Leaders and schools represented were: Mesdames Nettie Rapee, Louella Kennedy, Genie Smith, Campbell High School; Beverly Gardner, Laura Garcia, Campbell Elementary; Virginia Means, Evelyn Arends, Hamilton; Peggy Evans, Beverly Close, Barbara Towne, F. Post Office Jobs Open

An opportunity for bona fide residents of the delivery zone on the Campbell post office to enter postal service is open today through an examination for clerk and carrier positions requiring no experience according to Ira Grim, postmaster. A recent change in the written examination permits more persons to qualify while keeping other potential employees.

Aside from usual benefits of government employees, the entrance pay is $1.71 per hour while steady increases. Carriers who wear a uniform are allowed to $100 per year to cover cost of the uniform. Application forms are available at the registry window of the Campbell post office.

New Merchant To Live Here

Walt Dimond, who has just opened the new A and W Root Beer Stand on Winchester Road in Campbell, is a new resident of Campbell, although he has been living in the area for ten years. After living in Alma and Palo Alto, Walt and his wife, Inez, decided Campbell was the place where they wanted to make their home, and are now living at 488 Harriet Avenue. For the past three years Walt has been with the Post Office in Palo Alto, and before that he worked in a grocery in Los Gatos.

Bowling is one of Walt's favorite recreations and he bowled in a league in Redwood City when he lived in that area.

He is a member of the Los Gatos-Campbell-Saratoga chapter of Knights of Columbus and Los Gatos American Legion Post 158.

PLOT PLANS APPROVED FOR L. G. SUBDIVISION

Plot plans for a two million dollar subdivision in the vicinity of Hilow and Kennedy Roads, Los Gatos were approved Wednesday by the planning commission at Los Gatos. This was the first set of subdivision plans ever to come before the commission.

INK STAINS

By HELEN McLEOD

VARIATIONS ON THE THEME OF TRICK OR TREAT: Uncritical pleasure over the householder's donation to the outstretched bag is received only from the very little tots. The older ones sometimes moan: "Not suckers again!" or "Ugh—an apple!" Most groups are gay and out for fun. But on the faces of some children are the desperate looks of those who are gathering the only food they've seen for a week. The wise schools which have carnivals on this evening keep many children from developing tooth cavaties, overweight and indigestion.

MORELAND CHATTERBOX came out with its first edition, in mimeographed form. This year the school paper is the responsibility of the seventh and eighth grades. Editor is Faye Beechie, her assistant is Sherry McAfee. Copy editors are Gail Murphy and Lynette Rodrigues, art editors are Sharon Dunning and Suzanne Rivers. Faculty advisers are Mrs. Josephine Calleri and Mrs. K. J. Samdahl. The Chatterbox is a readable paper and shows considerable effort on the part of the staff—which is quite large when one includes the thirty some reporters listed in the credit box.

NEWS ITEM LIFTED FROM the Chatterbox: New student body officers are Faye Beechie, president; vice-president, Karen Yoshida; secretary, Randi Randolph, and treasurer, Judy Orner. This is a remarkable list in that not a single boy won any post.

WESTHOPE UNITED PRESBYTERIAN CHURCH had another record-breaker in Bible School attendance. Sunday, October 9th, 257 children were present, topping the previous high of 239 on April 3rd. HOPE CIRCLE meets Nov. 8 at the home of Mrs. Helen Zamzow, Kenneth Street, Campbell, at 7:30 p. m. THE PRISCILLA CIRCLE will be entertained by Mrs. Lu Schlobohm, Nov. 17th. After meeting at the church, the women will go to the Campbell home of Mrs. Schlobohm's mother.

DOUBLE SESSIONS END AT EL QUITO PARK School today, as 220 children start in at newly completed Bucknall school. From El Quito Park School, come 168 children, plus 52 who have been on the waiting list for kindergarten. This leaves the older school with 350 students. ROBERT S. TACK will be principal of both schools.

MR. TACK'S WIFE, Marionette, had a feature story written about her in a daily paper about a week ago, which described her duties as secretary to Yehudi Menuhin—a position she's held since 1948. An inference was made in this article that the Menuhins had seen the proofs of the New Yorker Profile articles on this famous musician. Since the magazine articles made some points to which the Menuhins took exception, a very small correction appeared later in the week to the effect that the articles were never examined by the family prior to publication.

Funeral Rites Are Held For Mark Purmort

Hundreds of friends and relatives in all parts of the United States mourned the death of Mark Purmort, for whom funeral services were held in Campbell last Thursday. The pall bearers were Ben Davison, Ben Strong, Warren McKenzie, Guy Farley, L. Carboni, and M. E. Mumma. Miss Helen Kalis sang two songs which had long been dear to the heart of Mr. Purmort.

Camden High At State FHA Meet

Camden Chapter of Future Homemakers of America, under the supervision of Mrs. Mabel Swift, Home Economics teacher at Camden High School, was represented at the state convention of the F. H. A. at Asilomar last week.

Mrs. Swift accompanied Harriet Glass, delegate, and Phyllis Gardner, voting delegate, to the convention. Because the Camden Chapter has just been formed, they were not yet eligible to take part in the program, although they plan to send delegates and take an active part in next year's convention.

Mrs. Swift remarked that Mrs. Adele Charlson's Campbell High School Chapter of F. H. A. was the outstanding school represented at the convention. The program put on by the Campbell girls was beautiful and presented in a very effective manner. The Campbell High Chapter also received the greatest number of honors and awards at the convention, said Mrs. Swift.

FREMONT STOPS BUCS IN CRUCIAL CONTEST

Fremont of Cupertino appeared on its way to a Santa Clara Athletic League Championship after winning 13-6 over the Campbell varsity team here Friday in a hard fought contest that had rightfully been tabbed as the game of the year.

The Indians measured 300 yards in offense to check the Bucs hope for a fourth straight championship.

Both teams previously had tied for the title in '52 and '53 while Campbell claimed top honors last season despite a loss to Fremont.

Phil Cordero was the big noise for the winners, grounding out 123 yards in 19 carries including a 19-yard touchdown gallop in the final 44 seconds of the game

Fremont outbattled Campbell's strong line which was rated among the best in Northern California prep circles. Prior to yesterday's affair, the Bucs forwards had limited opponents to minus yardage in first half play.

The Indians relied on a potential rushing attack for all their mileage, excluding a single pass from Nelson Dake to Cordero which netted 27 yards.

Russ Cahill was Campbell's lone scoring threat, accounting for 91 yards in 18 carries. Cahill claimed the Bucs' lone touchdown in the opening period when he traveled 16 yards into the end zone.

Jan Shuirman's 12-yard dash, plus Cordero's buck for the extra point gave Fremont a 7-6 advantage at halftime.

Summary:

Fremont .... 0 7 0 6—13
Campbell .... 6 0 0 0— 6

Fremont scoring: Touchdowns, Cordero, Shuirman; conversion, Cordero.

Campbell scoring: Touchdown, Cahill.

FIRST QUARTER

Russ Cahill went 16 yards to end a drive which covered 52 yards in 11 plays. The extra point attempt by Ray Nishijima was not good. Campbell 6, Fremont 0.

SECOND QUARTER

With 1:25 remaining before the half, Jan Shuirman scored on an end run from 12 yards out. The march netted 97 yards in 14 plays. Phil Cordero kicked the extra point. Fremont 7, Campbell 6.

FOURTH QUARTER

Cordero, with only 44 seconds left in the game, dashed 19 yards for the final touchdown. The drive covered 69 yards in 12 plays. Cordero's conversion attempt was not good. Fremont 13, Campbell 6.

BUC'S INJURY IS HANDICAP IN CRUCIAL GAME

By Steve Dunn

Two main factors were responsible for the defeat handed to the Bucs. One was that first string quarterback, Jerry Sutton, was seriously handicapped by a hip pointer received in the Mountain View game. The second was Phil Cordero, a 6 feet 1 inch, 210 pound giant in the backfield of the Indians. Not only did his running spearhead the two touchdown drives by Fremont, but, by making crucial first downs time and again, he gave Fremont superior ball control.

The Fremont line, although light, played a whale of a game, while the pass defense held the Bucs to a total passing yardage of 2 yards.

The first half was very evenly fought, well played and exciting. Standing out as a bright spot for the Bucs was the running of Russ Cahill, who during the game, rolled for a total of roughly 80 yards to average over 6 yards per carry.

The Bucs drew first blood. After taking over on their own 35 yard line in the first quarter, they drove 65 yards to paydirt in 15 plays. In this march Ray Nishijima and Russ Cahill gained most of the yardage with Cahill powering the last 16 yards for the T. D. The very important point after touchdown was missed, so, with 1½ minutes remaining in the first quarter, the score was 6-0 in favor of Campbell.

In the second quarter Fremont lowered the boom and became the first team to score on the Bucs in league play. Penalized all the way to their 5 yard line, they launched a 95 yard scoring drive. Key plays were a 17 yard run by Cordero and a 26 yard pass from quarterback Nelson Dake to Cordero. Jay Shuirman ran the 13 yards for the touchdown. Cordero crashed into hte end zone for the extra point making the score 7-6 in favor of the Indians. Three plays later the half ended.

In the third quarter the Bucs threatened briefly, as they drove to the 20 yard line of Fremont. However, a 15 yard penalty checked the march. This was the last real threat of the Bucs, for later they were plagued by penalties and a fumble.

The death blow to Campbell hopes was an intercepted pass which an Indian defensive back picked off on his own 31 halfway through the final quarter.

Couple Feted In 50th Year Of Marriage

Mr. and Mrs. C. H. Merrill of Rosemary Lane were honored at a reception in their home on the occosion of their Golden Wedding Anniversary October 22, when thirty of their relatives from San Benito, Hollister, Oakland, San Francisco, Santa Cruz and Vallejo came to Campbell for the celebration.

Mrs. Merrill's foster granddaughter and namesake, Merrill Ann chose the occasion for the announcement of her engagement to Philip Lee Beth, son of Mr. and Mrs. Lloyd Beth of San Jose. Merrill Ann, a senior at Campbell Union High School, is the daughter of Mrs. Merrill's foster son, Melville Whaley of Saratoga.

Mr. and Mrs. Merrill were married in San Francisco October 22, 1905 and made their home in Santa Cruz. Merrill, who was a conductor for the Southern Pacific Railroad for 43 years, retired in 1945 when the couple moved to their home on Rosemary Lane in Campbell. They raised two foster sons, nephews of Mrs. Merrill, Melville Whaley, of Saratoga, and Wilfred Whaley of Anaconda, Montana. They have six foster grandchildren.

Mrs. Merrill's sister, Mrs. J. N. Klass of Santa Clara, and daughter-in-law, Mrs. Melville Whaley, prepared the reception. A three-tiered cake, decorated with angels, leaves and topped with standing numerals "50" in gold, was the centerpiece for the table. Merrill presented his wife with a gold orchid, flown here from Hawaii, they also received gold chrysanthemums which were flown here from the states of Washington and Montana.

Merrill is a member of Friendship Lodge 210 F & AM, while Mrs. Merrill is Past Matron of Jarman Chapter, Order of Eastern Star.

Mrs. Merrill is a native of Canada and came to California with her parents at an early age.

Merrill, a native of California, spent most of his life in Santa Cruz. His grandparents came around the Horn in 1851 and settled in San Francisco, where his mother was born. His grandfather at one time was a part owner of the Comstock mines, and took part in some of the events in California history. At one time he owned eight acres in the center of San Francisco in the vicinity of what is now Van Ness Avenue, which he sold for $150 and a cook stove.

Merrill Ann, a past honored queen of Bethel 129, revealed her engagement at a meeting of the Job's Daughters on the evening of the reception. She attended Lincoln High School and is now a senior at Campbell High School.

Phillip, her fiance, is a graduate of Campbell High School and is now employed in Santa Clara. He plans to enroll in the police school at San Jose State Colege.
